Report by the Secretary-General of UNCTAD

Corrigendum

Paragraphs 218 and 219

The first two sentences of paragraph 219 should be shifted to the end of paragraph 218, so that paragraph 218 reads as follows:

> 218. The Trade Point Development Centre (TPDC) developed the GTPNet WorldWide Web set on Internet, and the "Trade Point Internet Incubator". The GTPNet Web server contains structured information on Trade Efficiency, Trade Points, the GTPNet, Electronic Trading Opportunities 10/, etc., as well as hypertext links with other UN organizations, government agencies, and trade-related organizations and information sources. Search-engine software ("intelligent agent") has been designed to guide and maximize the use of Internet Gophers and WWW.

Thereafter, paragraph 219 should begin as follows:

219. All Trade Points can be connected to the GTPNet server ...

10/ ETOs: offers and demands for products, services and investment exchanged via GTPNet.
